We are looking for our next Youth Development Officer: a role model who is there to make sure that our young people can make the most of every opportunity presented to them over the course of their WeMindTheGap programme, and beyond!

Could you be who we're looking for?

Who are we?

We give new opportunities to young people who deserve better.

We fill the gaps with unashamed support, love & care.

Our programmes

Our programmes are truly unique and combine work experience, coaching, skills, experiences and adventures, for young people that we call our “Gappies”.

We fill any gaps in young people’s lives, ensuring that they have the basics in place that the rest of us take for granted – a trusted person to turn to, a safe place to live, confidence, and basic skills.

What makes our programmes so different, however, is that we provide every Gappie with support, constancy, and care – these family values are at the heart of everything we do.

We believe that ‘it takes a village to raise a child’ and so we build a powerful community of positive individuals and caring organisations around our Gappies, so that they can benefit from every opportunity that our programmes bring.

This is not about a chat around the table with young people seeking direction. This is about delivering real change in real lives, and this is achieved through a completely holistic approach that develops confidence and self-esteem as well as work and life skills.

From this place, the young people we support grow from being ‘prisoners of circumstance’ to ‘pilots of their own lives’.

A supportive, nurturing programme for 11-15 year olds who are struggling with traditional education. Building confidence, resilience, and a sense of belonging for students wherever they are – in school or at home.

A virtual programme for 16 – 25 year olds. A chance to gain new skills and experiences with the support of a mentor, building a plan for a bright future.

A life-changing programme for 18-25 year olds, including six-months' paid employment, work placement, coaching and mentoring sessions, activity days and experiences.

A programme designed for young people aged 16-25 who are motivated to work but may be facing challenges in securing employment or voluntary roles through traditional routes. The focus is on identifying and addressing any 'barriers or gaps', such as experience, skills, or confidence.

All Gappies stay part of the WeMindTheGap family. We offer lifelong support and a safe and trusted team to talk to – whether that's help with education, employment, volunteering, welfare, mental health and wellbeing.

Who is a Youth Development Officer?

Do you have a passion for making a difference in the lives of young people? Are you looking for a rewarding career where you can use your skills and experience to help others reach their full potential? If so, we have the perfect opportunity for you!

WeMindTheGap is seeking a passionate and dedicated **Youth Development Officer** to join our Employability Team. Someone who can be the ultimate role model for our Gappies, showing them what a responsible employee looks like, sharing life skills and experience in a way which encourages them to choose positive behaviours. In this role, you will be supporting the successful delivery of our youth development programme, WeBridge, providing support and guidance to young people out of work.

Our work is challenging. It requires time, dedication, and patience. But the impact we have on young people makes it all worthwhile. Our values, our Magic Cs, guide us and keep us focused on what truly matters – doing what is right by our Gappies, not what is easy. We are privileged to work with committed community partners who share our vision and join us in our mission to deliver real and lasting change for young people who deserve better.

In today's rapidly changing world, the wellbeing and aspirations of young people are more important than ever. We envision a world where every young person feels they belong and has the skills and confidence to make meaningful choices in life and work. We walk alongside young people with love, care, and curiosity, providing new opportunities and ongoing support to help them thrive.

OUR MAGIC Cs - The values that we live by...

The magic ingredients, mixed with a big cupful of love. The encouragement, reassurance and genuine care we extend to every individual is fundamental to them developing the confidence to explore their choices in the world.

We walk alongside our trainees, take the initiative, make good things happen and always focus on a solution, not a problem.

We do what is right and not what is easy.

We build positive relationships with and between our trainees and the world, to create their rightful place within a meaningful community.

We are always here, and always will be: people and places of safety who keep our promises and provide the support, challenge and care that our trainees deserve.

We will go to the ends of the earth to make sure that our trainees have the wherewithal to be 'pilots of our own lives'.

We believe absolutely in our vision, our model and the impact we deliver.

We ask why, to keep learning, to help our trainees grow and develop, to grow and develop best practice that others can learn from.

We have the space, time, resilience and support required to perform our respective roles to the best of our ability.

We celebrate every success, no matter how big or small.
